At a glance

Let's get started! We'll guide you through startup and tell you a bit about your phone's features.

And when you're ready, customize your phone to match your style with Motorola Shells (sold separately and not available in all countries).

Note: Software updates happen frequently, so your phone may look a little different.

Put the cards & power on

Caution: Make sure you use the correct size SIM card, don’t cut the SIM card, and don’t use an adapter with your SIM card.

Power on.

Press and hold Power until the screen lights up.

Put in the SIM and memory cards.

With the gold contacts facing down, push in a card.

Micro SIM

microSD (optional)

Caution: The memory card (microSD) won’t go in as far as the SIM.

Sign in

If you use Gmail™, you already have a Google™ account—if not, you can create an account during setup. Signing into your Google account lets you use Google apps, see your contacts, appointments, photos, and more.

Select your language and follow the screen prompts to get started.

Motorola Migrate

Copying your personal stuff from your old Bluetooth-enabled phone to your new phone is easy.

Note: If your old phone is an Android™ phone, download the Motorola Migrate app on Google Play™ on your old phone before you get started.

Home screen & settings

From the home screen, you can explore apps, check notifications, speak commands, and more.

Touch Apps to see all your apps.

Swipe down with one finger for notifications or with two fingers for settings.

Touch and hold an empty spot to change widgets, wallpaper, and more.
Receive all notifications and alarms.

• All: volume from high to vibrate. Or, touch an option:
  • Priority: set the volume using the side Volume Keys.
  • Assist: find it:
  • Access: touch to select which interruptions to allow. Touch to change to vibrate or None Priority All.

Note: Your phone may not have all features.
