At a glance
Let’s get started. We’ll guide you through startup and tell you about your phone.

Note: Software updates happen frequently, so your phone may look a little different.

Remove the back cover
If you need to insert SIM and memory cards, remove the back cover.

Caution: Don’t use tools to remove the cover—doing so may damage your phone.

Put in the SIM card
Caution: Make sure you use the correct size SIM card and don’t cut the SIM card.

Put in the memory card & power on
Insert an optional memory card. Put on the back cover. Charge your phone fully and turn the power on. Then select your language and follow the screen prompts to get started.

Note: Fully charge your phone before using it.
